

ROMAN K SALON IS PROUD TO INTRODUCE THE VELVET SMOOTH ELECTRIC PEDICURE AND MANICURE!

This electrical device is equipped with a mechanical rotating burr that gently files away tough skin. It is an easy care less invasive treatment of calluses, dry skin and nails. It's more hygienic than the old-fashioned filing methods. Through multiple treatments this technology will treat stubborn cuticles, calluses and dry skin. Europe has been using this equipment to provide professional manicure and pedicure services for many years and we are excited to now offer it at

Roman K Salon
