SPRING/SUMMER HAIR TIPS AND TRICKS FROM ROMAN K

Spring is here and Summer is so close that we can feel it (especially in our hair), which means it's time to change up our hairstyles for the season. And although these seasons come with much better temperatures, that doesn't always coincide with our hair. From rainy days to hot beach humidity, hair can be challenging to upkeep while enduring the rapid Spring/Summer weather changes. Roman Kusayev, one of NYC's top stylists and owner of Roman K Salon, knows all the perfect tips, trends, and products to keep your hair on-point this season. He shares the hottest styles for any type of weather, quick styles during a weekend getaway, tips on how to protect your hair from the sun, and exactly which product(s) will help maintain each look throughout the warm-weathered days and nights.

1. TIP & TREND: RAINY DAY HAIR STYLES

The slicked back pony – Keep your hair tamed and avoid the rainy day frizz with your hair pulled out of your face, and in a sleek pony.

PRODUCT TO USE: Detail Master by Shu Uemura or Kerastase Laque Noir Anti-humidity spray

2. SIDE SWEEP BRAID OR DOUBLE BRAIDS

Give your rainy-day hair a unique “twist” with either of these braid styles to keep it tamed and last all day!

3. TREND: NATURAL BEACH LOOKS

Just in time for Summer, Roman teaches us how to perfect the natural beach wave to give your summer hair a laid-back and effortless vibe – Here’s how you can do it at home, without having to go to the beach at all!

Split the hair in 4 sections, apply product evenly throughout, scrunching it and letting it dry naturally. Best results achieved with a fresh layered haircut.

PRODUCT TO USE: Kaze Wave and Satin Design by Shu Uemura

4.TIP: HAIRSTYLE TO TAKE YOU FROM THE BEACH TO THE BAR

Don't have a lot of glam time to get ready for dinner after a long day at the beach? Roman gives a great tip for you to maintain those natural beach waves while on-the-go this summer!

After you have the natural wave from spending a day at the beach, simply use a curling iron with a straight barrel to go over the hair, utilizing the natural texture to enhance the waves.

PRODUCT TO USE: Texture Wave Spray by Shu Uemura
